RE: ESC SKIMMER

Mr. Fairclough:

The Department of Transportation is currently reviewing its specifications to represent the Best Management Practices (BMPs) identified in the "State of Florida Erosion and Sediment Control Designer and Reviewer Manual" dated June 2007. The document can be found at the following web address:

<http://www.dot.state.fl.us/specificationsoffice/Implemented/URLinSpecs/Files/FLerosionSedimentManual060709.pdf>

New erosion and sediment control products that fall into this category are not being reviewed by the Department at this time. However, products may be used on a job by job basis with the Engineer's approval in accordance with Article 104-6 of the Specifications. Please note that such approvals may require an Engineer's report that describes this product's reaction and performance relating to soil and hydrological dynamics.

This letter does not warrant approval of your product, nor does it endorse the use of it. If you have questions regarding your product usage, please contact Rick Renna at (850) 414-4351 or rick.renna@dot.state.fl.us.

Sincerely,

Subject: Notification of Product Status
NP11-5747 ESC Skimmer
By: Erosion Supply Company

Dear Ms. Phillis:

The North Carolina Department of Transportation evaluated the forenamed product and assigned a status of "**Approved**" to product **NP11-5747** ESC Skimmer.

An "**Approved**" status does not infer the product will be used in NCDOT projects or that the products will be actively promoted by the Department. It will be your responsibility to market your product. If the product is changed for any reason, or is not performing effectively, the product status will be changed accordingly.

Additionally, you must recertify your product on an annual basis by the 31st of January. If a recertification is not received by January 31st, the product status will be changed to "VOID". Recertification Notices with detailed requirements will be sent out in December of each year. If at any time, contact information has changed, you must inform this office.

If you have questions or comments, I may be reached at 919-508-1860 or via e-mail at: lmwing@ncdot.gov. You may also contact the State Value Management Engineer, Jeff Garland, PE, PMP, at 919-508-1872 or via e-mail at: jgarland@ncdot.gov.

Sincerely,
